

FixCorp

Empowering Your Digital Vision

Custom Mobile Apps, Websites & Business Software Solutions

About FixCorp

Pioneering digital transformation through tailored technology solutions. We build custom mobile applications, responsive websites, and intelligent automation systems designed to help your business innovate, scale, and succeed in the digital economy.

Based in India, FixCorp serves enterprises across the globe—from coaching institutes and salons to service providers, startups, and local businesses—delivering high-quality technology that adapts to your unique needs. Each project is crafted through strategic planning, meticulous design, and rigorous testing to ensure exceptional results.

Our team combines technical excellence with business insight, creating digital infrastructure that empowers growth and innovation.

Our Mission & Vision

Our Mission

To digitally transform businesses through smart technology that drives growth, efficiency, and innovation.

Our Vision

To become a trusted partner for modern digital infrastructure, empowering businesses to reach their full potential.

Our Core Services

Comprehensive technology solutions tailored to your business needs, from mobile apps to enterprise systems.

Mobile App Development

Android and iOS applications with stunning interfaces, push notifications, and seamless functionality.

Business Website Development

Responsive, SEO-friendly websites that establish your digital presence and attract customers.

Custom Service Apps

Bespoke platforms designed specifically for your business operations and customer engagement.

Student Management Systems

Complete solutions for coaching institutes including enrollment, progress tracking, and payment management.

Booking & Appointment Systems

Streamlined scheduling tools that eliminate no-shows and maximize your team's efficiency.

Subscription Platforms

Revenue-generating membership systems with automated billing and member management.

Admin Dashboard Systems

Centralized control panels providing real-time insights and complete business oversight.

Digital Automation Tools

Workflow automation that eliminates manual tasks, reduces errors, and saves valuable time.

Why Choose FixCorp?

Custom-Built Solutions

Every project is designed to match your specific business requirements exactly.

Fast Delivery

Rapid deployment that gets your business online or automated quickly.

Dedicated Support

Ongoing maintenance, updates, and technical assistance whenever you need it.

Affordable Pricing

Solutions accessible for businesses of all sizes.

Scalable Architecture

Flexible infrastructure that grows alongside your business.

Business-Focused Technology

Every feature serves a business purpose that delivers measurable ROI.

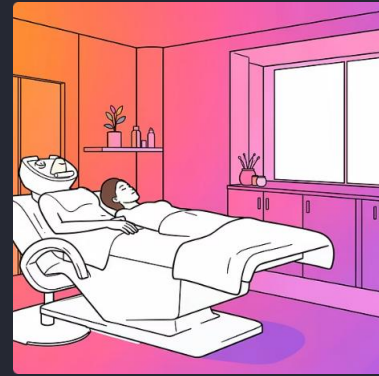

Our Solutions for Different Industries

Specialized technology platforms designed for your specific industry challenges.

Coaching Institutes

Student management, course tracking, payment systems, and digital classrooms.

Salons & Clinics

Appointment booking, customer profiles, service catalogs, and loyalty programs.

Service Providers

Service catalogs, scheduling, online payments, and automated invoicing.

Startups

Rapid prototyping, MVP development, and scalable platforms that grow with funding.

Our Development Process

Strategic methodology ensuring quality deliverables on time and within budget.

Features We Offer

Powerful capabilities that transform your business operations and customer experience.

Push Notifications

Real-time alerts keep customers engaged and informed about updates, offers, and important information.
